# *Set of Napkins & Napkin Rings*

***by Sheila Reinke***

Fabric Napkins and Napkin Rings - when setting your table for a holiday party, nothing says elegant quite like a fabric napkin. Then there is the added bonus that you can make your napkins match ANY decor or party!

*Please note, images used in this pattern are NOT to scale*

## Materials -

- 1 strip - width of fabric (44") x 3" - patterned fabric
- 1 strip - width of fabric (44") x 5" - solid coordinate fabric
- 4 squares 22” - patterned fabric (for napkins)

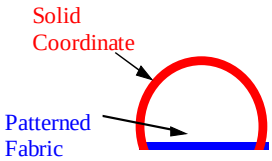
## Suggested Tools

(beyond standard sewing supplies)

- 45" Rotary Cutter
- Cutting Mat and Straight Edge

## Project Level: **Beginner**

## Construction:



- Lay strips of fabric together on work table, right sides together and aligned along 45" length.
- Sew strips together at aligned edge, using 1/4" seam
- Pin the unmatched 44" lengths together, creating a tube with right sides of fabric facing in (see cross-section at right)
- Turn tube right side out, and position so that patterned fabric is centered face-up.
- Keeping patterned fabric centered on tube, iron tube flat.
- Cut tube into 4 equal-size pieces.
- Take one of the four smaller tubes, and fold in half with patterned fabric on the inside of the fold.
- Sew raw edges together using a 1/4 seam, turn ring so that patterned fabric is on the outside. (Repeat this and the step prior 3 more times to create 4 napkin rings)
- Make napkins by sewing a 1/4 seam all the way around each of the 22" squares.

*Note – if you prefer you can use a velcro, decorative button or snap closure to create your ring.*
